ELEGANT LIVING FLOOR

ELEGANT LIVING is a leading producer of vinyl floors, Engineered floors and laminate floors.

Guided by the latest market trends and the most up-to-date technology, ELEGANT LIVING strives to inspire and delight its customers. ELEGANT LIVING offers a wide selection of interior solution for residential and commercial projects, including **laminate**, **vinyl planks** and **hardwood floors**.

A gorgeous floor solution for your space.

LVT/Regid LVT

ELEGANT LIVING has built up years of experience in developing, producing and offering flexible vinyl planks for floating and glued installation.

Based on our extensive knowledge of flexible vinyl, we managed to create a high-performance rigid LVT. It contains all the traditional advantages of LVT flooring, without the risk of telegraphing, and offers optimised acoustics and protection against indentation. There is an ideal solution available for any type of subfloor (flat, slightly irregular, or irregular) or installation.

Bathroom? Yes!

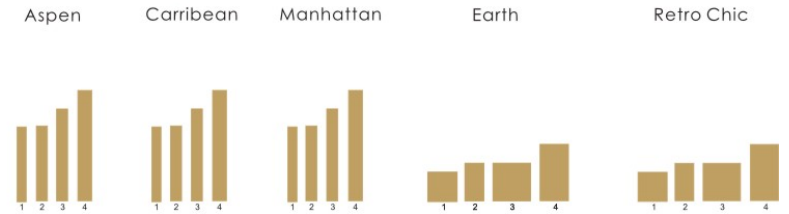

Be it the wet and dirty shoes or children turning your bathroom into swimming pool, ELEGANT LIVING Vinyl floor is just what you need. It is a 100% water resistant floor.

All Welcome

even **IMPACTS, STAINS** and **SCRATCHES**

No worry on split cups, squashed cakes, paint drops, stiletto heels or questionable footwears.

Anywhere indoor

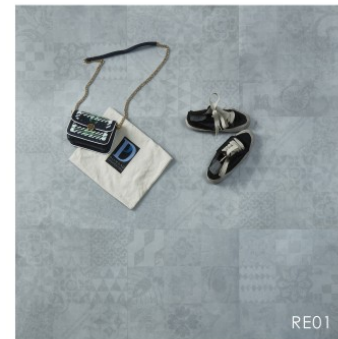

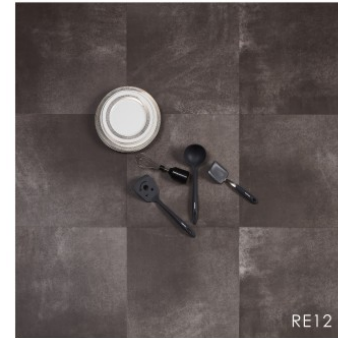

It enables you to enjoy your floor without any worries. Had a little accident? You can easily clean these planks with water without the risk of water penetration or warping.

Retro Chic

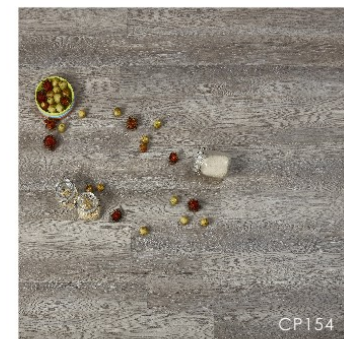

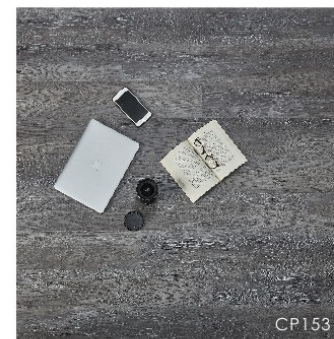

EL's Retro Chic tiles take you back to the victorian age. The warmth of wood and beauty of tiles in perfect harmony.

Manhattan

The classic plank design works effortlessly with the depth and character of this collection, creating a simple but truly authentic look.

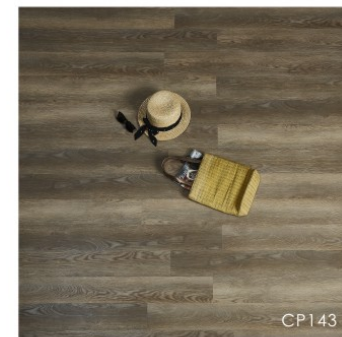

CP143

Manhattan

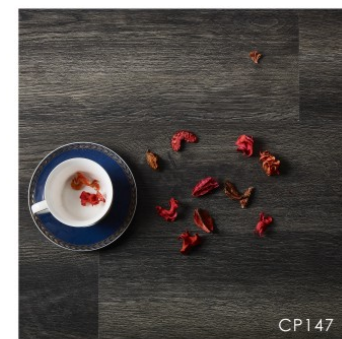

Oak has always been a bestseller and this new design presents a new expression in colour, structure and gloss.
